

## **121 DIRECTOR OF SAFETY**

### **Qualification Summary**

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Telephone Number: \_\_\_\_\_

Air Carrier Certificate Number: \_\_\_\_\_

Present Position/Company: \_\_\_\_\_

Proposed type of airplane: \_\_\_\_\_

#### **119.65(a)(1)**

To serve as Director of Safety\*\* under § 119.65(a)\* It is highly desirable—

The Director of Safety completes an aviation safety education program consistent with the position's responsibilities. If an individual has not completed such a program before appointment, the Director of Safety should attend one to supplement his/her experience. Participation in industry safety meetings, conferences, or schools is considered an essential part of the continuing education of the Director of Safety.

(1) Training should also include such subject areas as:

- (a) Corporate safety culture
- (b) The role of the safety director as advisor to senior management officials
- (c) Safety philosophy
- (d) Safety data collection and analysis programs
- (e) Risk management
- (f) Incident/accident prevention and investigation
- (g) Human factors

(2) The Director of Safety should have extensive operational experience and professional qualifications in aviation. This would include the knowledge and understanding of the following:

- (a) Aviation safety programs
- (b) Aviation safety standards
- (c) Safe aviation operating practices

## **121 DIRECTOR OF SAFETY REVIEW (cont.)**

### **Qualification Summary**

(3) The Director of Safety should have established professional credentials.

*These credentials may be ANY of the following:*

- (a) An FAA commercial pilot or airline transport pilot certificate
- (b) An FAA mechanics certificate
- (c) An FAA aircraft dispatcher certificate

- i. Appropriate certificate no(s): \_\_\_\_\_
- ii. Ratings (if appropriate): \_\_\_\_\_
- iii. Type of airplane(s): \_\_\_\_\_

(4) The Director of Safety should have established professional qualifications.

*These qualifications may be ANY of the following:*

- (a) Three years experience in a supervisory position with a Title 14 of the Code of Federal Regulations (14 CFR) part 121 or a scheduled part 135 air carrier.
- (b) Three years experience in a position comparable to (a), above, in U.S. military aviation operations.
- (c) Three years experience in a supervisory position with a U.S. government department, board, or agency that deals directly with aviation matters.

- i. Type of airplane(s): \_\_\_\_\_
- ii. Time period (supervisory experience): \_\_\_\_\_
- iii. Employer(s): \_\_\_\_\_
- iv. Military branch (if applicable): \_\_\_\_\_
- v. Air Carrier Certificate No.: \_\_\_\_\_
- vi. Address: \_\_\_\_\_
- vii. Telephone no: \_\_\_\_\_
- viii. Position held: \_\_\_\_\_

**In addition to the above items, the person selected for this position must show documentation to satisfy the following requirements:**

## **121 DIRECTOR OF SAFETY REVIEW (cont.)**

### **Qualification Summary**

#### **119.65(d)**

*The individuals who serve in the positions required or approved under paragraph (a) or (b) of this section and anyone in a position to exercise control over operations conducted under the operating certificate must—*

- (1) Be qualified through training, experience, and expertise;*
- (2) To the extent of their responsibilities, have a full understanding of the following materials with respect to the certificate holder's operation—*
  - (i) Aviation safety standards and safe operating practices;*
  - (ii) 14 CFR Chapter I (Federal Aviation Regulations);*
  - (iii) The certificate holder's operations specifications;*
  - (iv) All appropriate maintenance and airworthiness requirements of this chapter (e.g., parts 1, 21, 23, 25, 43, 45, 47, 65, 91, and 121 of this chapter); and*
  - (v) The manual required by Sec. 121.133 of this chapter; and*
- (3) Discharge their duties to meet applicable legal requirements and to maintain safe operations.*
